Dear Parent/Carer,

Year 10 use of Social Media

It has come to my attention that a large number of Year 10 students are part of a group chat on social media.

This group chat has led to a number of students sending inappropriate messages and others becoming upset with the content of the messages.

There are numerous messages that contain extremely poor language, as well graphic content. The name of the group chat is also offensive and bordering on racist.

Any students who are receiving such messages have been informed that they should inform their parents, and if parents/carers deem appropriate they should contact the police regarding this. I have suggested to numerous students that they leave this group and block any students who are being inappropriate via social media.

Please have a look at your son/daughter's phone to ensure that they are using social media appropriately and are not part of these large groups, where abusive and threatening language is used and inappropriate images are shared.

Yours sincerely,

Mr S Wills
Year 10 Director
