

BISHOP

RAMSEY

Church of England School
Executive Head and CEO: Dr Hilary Macaulay

27th June 2022

Dear Parent/Carer,

Year 8 Expressive Arts and Practical Subjects Option

Throughout Year 9 your son/daughter will have the opportunity to focus their studies on a single creative subject from the following options: Art, Drama, Food Tech and Music.

An assembly last week enabled students to hear details about what they will study in Year 9 and the skills gained. Using the link provided below, students will need to identify their preferences 1-4, with 1 being the subject they would most like to study and 4 being the least favoured option. Whilst we will endeavour to allocate students to their first or second choice subject, there are a limited number of spaces in each subject, therefore it is unlikely that we will be able to assign every student to their primary choice.

It is important to note that selecting this subject now is in no way a commitment to study it at GCSE, students will make their GCSE choices in the Spring term of Year 9. Also, students can still choose to study any of the subjects at GCSE, even if they did not study it during Year 9.

The deadline for making this selection is Tuesday 5 July. Students who have not made their selection by this date may be allocated to a subject.

If you have any questions please do contact myself, klovewell@bishopramsey.school or Miss Ryan, sryan@bishopramsey.school the Year Director.
