Dear Parent/Carer,

Year 10 GCSE Subjects

I hope that you and your family are well, and that your son/daughter has enjoyed the start to the academic year.

It has been pleasing to see the hard work and devotion that the students are putting into their GCSE studies at the very start of the course.

As you will be aware, your son/daughter made their GCSE choices during the Summer Term of Year 9, and it is great to have had so many positive conversations with students regarding the subjects that they are studying. As we are now one month into Year 10, it has been decided that students will no longer be able to make changes to their options, due to the volume of work that has been covered already.

This information has been discussed with the students during assembly and at the morning muster points. All students are aware that no further changes to subjects will be possible.

As we go through the GCSE courses, should you have any questions relating to the content covered, or any information regarding the attainment of your child in each subject, please contact the relevant subject teacher, who will be able to provide you with the most accurate information.

Yours sincerely,

Mr S Wills
Year 10 Director
