

Church of England School
Executive Head and CEO: Dr Hilary Macaulay

11th November 2022

Dear Parent/Carer,

Acquire, Aspire, Achieve in Triple Science – Year 11

I am writing to you regarding an initiative we are setting up in Science called ‘**Acquire, Aspire, Achieve**’ to help Triple Science students reach their full potential. Selected students have been identified using their Year 10 end of year exams and target grades. **Your child has been identified as having the potential to achieve their aspirational target in Triple Science but is currently working slightly below this level.**

This initiative involves your child attending weekly after school sessions on a **Thursday** in the run up to the mock exams.

The aims of the **Acquire, Aspire, Achieve** initiative are to provide selected students with:

- Guidance on effective revision strategies that they can use to achieve their full potential
- Short, weekly sessions (30 minutes) on Thursday after school to develop their knowledge and understanding of the key areas of the Science curriculum in preparation for the mocks
- Tailored sessions, focusing on exam skills, key terminology and subject content.

Invited students are expected to attend all sessions from 3.00-3.30pm

Date	Session	Room
Thursday 17 th November	Biology: Homeostasis and the kidney	ZF2
Thursday 24 th November	Chemistry: Atoms, periodic table and bonding	
Thursday 1 st December	Physics: Energy (P1)	

Yours sincerely,

Mrs N Jeffries
Head of Science
